## 2012 American Legion State Convention

The City of Wenatchee in north central Washington was chosen as the site for the 2012 American Legion State Convention. The six-day convention will bring more than 1,000 delegates to Wenatchee, resulting in an estimated \$2.2 million economic impact on the community. The 2012 convention is tentatively scheduled for July. [www.wenatcheevalley.org](http://www.wenatcheevalley.org)

### the LINEN BUILDING EVENT CENTER

Built by the American Laundry Company in 1910, the Linen Building in Boise, Idaho was the only laundry facility in the United States that used geothermal heat as its heating and cleaning resource. In 1949, the building was sold to the American Linen Supply Company which continued to operate the facility as a laundry. The building was vacant from 1999 until it was purchased in 2005; after which, it underwent a two-year renovation before reopening as the Linen Building Event Center. Today, the main floor of the building has 3,500 square feet of event space with an additional 450 square feet on the mezzanine. The second floor includes an 1,800-square-foot gallery space, as well as a conference room. The urban loft-style building has hosted art and fashion shows, concerts, weddings and receptions, corporate meetings and functions and proms.
